Dear Parents,

Greetings !

We would like to apprise you that parents are valued members of our school, we appreciate your support and co-operation. To ensure a positive and supportive learning environment for all, we are implementing a parent code of conduct. This code witnesses expectations and guidelines for parents to respect school policies, rules & regulations.

Hence, parents are requested to follow the **“Professional Dress Code”** while visiting the school premises.

As role models for your children, by setting a positive example, we can help students to develop understanding of appropriate behaviour and attire in various settings.

The parents are humbly requested to avoid wearing **Nightwear, Slippers, Shorts or Chappals** while picking up or dropping off their ward at school or visiting school premises. If any parent comes in an unprofessional dress code, they will not be allowed in the school premises. Parents are requested to adhere to the given code of conduct.

Your support will be appreciated.

Regards

Team GGS
